Spider: a high-speed network interconnect- [► arizona.edu](#) [PDF]

M Gallés, SGC Syst, M Vow - IEEE Micro, 1997 - [ieeexplore.ieee.org](#)

... If users increase or **disable** the high- priority threshold for ... module, and users can set reset **fences** to prevent ... chip sets a deadlock time-out **bit** and resets ...

Cited by 146 - Related articles - Web Search - [BL Direct](#) - All 4 versions

[PDF] **► Security in mobile ad hoc networks: challenges and solutions**

H Yang, H Luo, F Ye, S Lu, L Zhang - IEEE Wireless Communications, 2004 - [cs.ucla.edu](#)

... and then intentionally introduce a **1-bit** error into ... we use MAC to refer to **link-layer** medium access ... that each intermediate node cannot remove existing nodes ...
